

Stop and Think

Fr Anthony Kain

Now for a short good news story from our parish of Our Lady of Dolour's, Kingswood, Adelaide.

Across from our parish church is a hostel for people living with disabilities. Each month, our Care Group, led by Pat Syrus, hosts a Mass and lunch for parishioners and a good number from the hostel come along to join others who live alone, etc.

One of the residents, John, brings along his paintings to show us and another, Rosemary, loves poetry and always gives a little recital.

All this is a very simple thing but one of these 'special parishioners' said to me just last month, "Thanks, Father, for all who put this on. You know, I have never ever received such love as from these days."

Makes you stop and think of the value of the simple things we do!
